Harvey A. Goldstein, CPA
President
Granville Software
21550 Oxnard St, Suite 1000
Woodland Hills, CA 91367

Dear Harvey:

We want to personally thank you for designing and implementing "Up Your Cash Flow" financial forecast statements.

As you know, we have been using your software for many years.

It never ceases to amaze me how accurately, quickly, and easily the programs perform.

Before we came across one of your demonstrations, we attempted to design our own forecasts. An impossible job to say the least.

Now, we present budgets and actual comparisons to our Owners, CPA's and Bankers each month in an accurate and timely manner.

Thanks again

Cordially:

John B. Harmon
Chief Financial Officer

P.S. Your service and training are second to none.
